

COMET Centre (K1)

FFoQSI

Austrian Competence Centre Feed and Food Quality, Safety and Innovation

- >> **Main location:** Tulln, Lower Austria
- >> **Other locations:** Vienna (Vienna), Wels (Upper Austria)

>> **Thematic focus**

FFoQSI increases the safety and quality of feed and food and strengthens the food sector through transdisciplinary research from field to fork.

>> **Planned realisation and outcomes**

Based on innovative technologies FFoQSI develops new strategies and procedures in the fields of microbiology, physical/chemical analysis, computer science and bioanalysis. FFoQSI applies these processes and methods to critical process steps along the value-added chains of food and feed and strengthens research-driven innovation leadership for essential food production systems.

>> **History of establishment**

FFoQSI was founded in 2017 in Tulln (Lower Austria) and reached full expansion with 62 employees, 45 company partners and 8 scientific partners.
